

OVERVIEW

The CCHDMMKVM10TAA 10 ft HDMI cable enables you to connect a HDMI video card (or other HDMI output device) to a display that incorporates HDMI technology. The cable supports bi-directional operation that also allows the reverse configuration, delivering digital video from an HDMI-enabled output to a HDMI capable display.

A valuable addition to any digital signage, multimedia or home theater application, this high performance cable is designed to provide the best quality picture available through HDMI digital connections.

10 ft KVM USB HDMI Cable with Audio
